Community Resource Directory

The contents of this directory are arranged by services. A community agency may be listed more than once if they provide multiple services in the community. An alphabetical and categorical index of community agencies is at the back of the directory. Services not listed here may be found by calling 2-1-1.

This Community Resource Directory is provided as a service to the community by the Omaha Public Schools, and is not meant as a recommendation of services provided by the agencies or organizations listed. The directory is not a comprehensive list of all community agencies and organizations in the metro-Omaha area, but is intended to serve as a starting point for quick referral.

Information included in the listings is subject to change without notification.

For additional information regarding any of the organizations/agencies listed, contact the organization or agency directly or call 2-1-1.
