

Omaha Public School District 2024-25 Official Membership

Official Membership 2024-25

The Nebraska Department of Education requires all school districts in the state to report membership as of October 1st each school year. Historically, this has been called by various names including Official Membership and Fall Membership. Virtually every state across the nation requires similar membership reporting. Declaring October 1st as the official day of reporting provides both consistency among districts and typically represents the highest annual student count in most districts. The fall membership report was due to the Nebraska Department of Education (NDE) on October 15th. The membership is submitted electronically through ADVISER, the state's data system that includes pre-kindergarten through 12th grade students from across the State of Nebraska.

In the Omaha Public Schools, a count of students is taken from attendance and enrollment records on the first, second, fifth, and ninth day of school as well as a benchmark count on the first of October. This Official Membership student file was taken from our District's student information system, Infinite Campus (IC), as of October 1st, 2024. The benefit of using IC student data for reporting includes the ability to analyze enrollments by grade, gender, race/ethnicity, educational benefit eligibility, and school attendance area. The IC file tends to withstand all audit requirements and removes the burden of manual analysis, saving school/staff time. In addition, federal and state reports are dependent upon lengthy analysis made possible by accurate and up-to-date membership information. Grade level status at high school is based on the student's original entry into high school instead of the number of credits a student has earned for successful course completion. As a result, twelfth grade membership is shown in three categories: (1) students who have been in high school for more than 4 years, (2) students who have been in high school for 4 years, and (3) the total of students in twelfth grade.

Appendix A includes the Official Fall Membership for the Omaha Public Schools for the 2024-25 school year as depicted by: school and grade; ten-year total membership comparison; and racial composition reports. Appendix B includes additional graphs depicting trends in enrollment over the last decade. Enrollment counts included in this report may be subject to change should students counted by OPS be "claimed" by another Nebraska district and officially determined by NDE to belong to the other district. The final summation of Official Fall Membership will be produced by the Nebraska Department of Education.

Key Points

- Over the last ten years (2015-16 to 2024-25), our District has grown by 692 students, an increase of 1.3%.
- The 2024-25 EC-12 membership of 52,577 demonstrates an increase of 880 students (1.7%) while the K-12 membership of 50,273 demonstrates an annual increase of 784 students (1.6%) when compared to 2023-24.
- Over the past few years, growth in elementary grades has slowed because of smaller incoming kindergarten classes. This year's kindergarten class had 3,624 students and 163 students fewer than last year's class.
- Future kindergarten classes could average between 3,500 and 3,600 students if birth and capture rates remain stable.
- In grades K-6, enrollments increased by 388 students compared to 2023-24.
- In grades 7-12, enrollments increased by 396 students compared to 2023-24.
- The high school class (grades 9-12) is the largest in over 20 years.
